HAVELLS

Havells India Limited is a leading Fast Moving Electrical Goods (FMEG) Company and a major power distribution equipment manufacturer with a strong global presence. Havells enjoys enviable market dominance across a wide spectrum of products, including Industrial & Domestic Circuit Protection Devices, Cables & Wires, Motors, Fans, Modular Switches, Home Appliances, Air Conditioners, Electric Water Heaters, Power Capacitors, Luminaires for Domestic, Commercial and Industrial Applications

design philosophy

Some works of art stay relevant through the ages. These are the classics - design, art and inspiration that never stop being relevant. Ever!

Our latest range of switches are such rare classics that will comfortably feel at home, in any modern household.

Whether it's the colours, the form or the absolute adherence to strict quality standards, every switch is a classic, designed for the new age.

Aesthetics, durability and functionality are at the core of every new age classic crafted by Havells. The design process at each stage is guided by the need to deliver a better customer experience when using the product and uplift your life spaces.

Aesthetics

Every design aims to cater to each customer's aesthetic taste.

Durability

Built to last for the ages through any situation or usage.

Functionality

Practicality is at the forefront when solving a customer need or desire through the design process.

Fabio

Range Features

Superior material quality

Brass metal

- Superior conductivity and strength
- Rust resistance
- Superior heat dissipation

Durability

- Silver plated terminals in sockets
- Contact tip of switches design with AgCdo (Silver Alloy)

High performance plunger

Plunger with self lubricating properties ensures smooth switch operation

High grade material quality

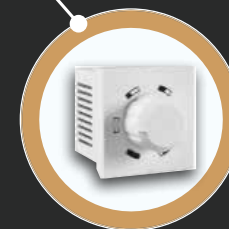

Engineering material used is fire retardant & superior in quality

Best in class engineering

Inductive and Resistive load

10 AX and 16 AX rated products available for higher load capacity for future proofing

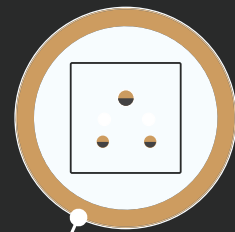

Fan regulators

360° rotation knob with hum free operation

Fabio
Coral

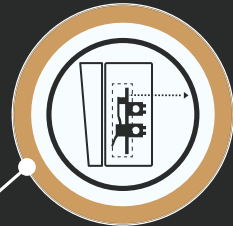

Safe & Friendly Design

Superior design for enhanced safety

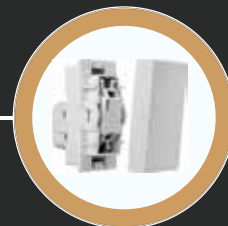

Shuttered sockets

Child safety Shutters in-built in all the sockets

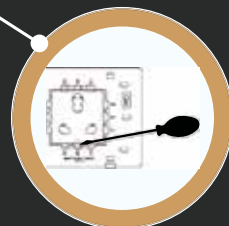

Arc shield

No visibility of the spark during operation

Double Rocker

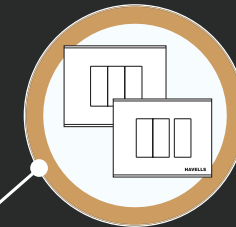

Double Rocker Mechanism in switches for Enhanced Safety (applicable in Coral White, Coral Ebony ranges)

Designed for perfection

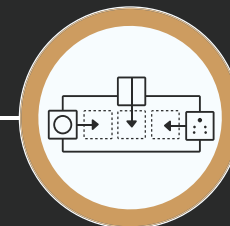

Screw driver guiding at the bottom for better aesthetics

Designed for convenience

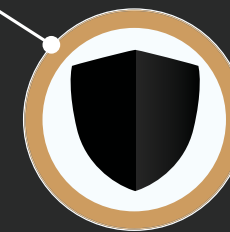

Design option

Front plates available in Pillar & Pillar less designs (Available only in Fabio Art 3 M plate)

Easy installation

Easy front Loading & Removal

Protection Film

Protection film on Front plates for convenience

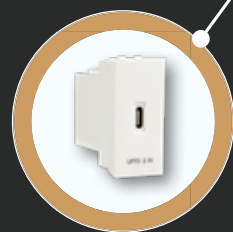

Dust repellent design

Reduces maintainance & regular cleaning

Fabio
Coral

Innovative designs for all segments

Innovative offerings

Auto cut-off USB sockets

Both Type A and C USB sockets available
for Fast charging

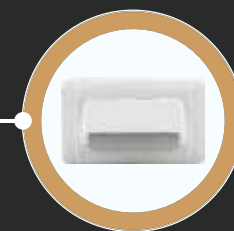

Hospitality key card

Industry best in class hospitality key card
with 20 A rating

Product for all segments

Wide product ranges suitable for RESIDENTIAL,
HOSPITALITY and COMMERCIAL projects

LED foot lamps can be made in different colour
options as per the customer need

Custom design metal boxes

Fabio

S E R I E S

Presenting Fabio, a unique range of switch plates that give you the flexibility of installing them vertically or horizontally, as per the available space. Its best-in-class safety and contemporary design features fit your décor beautifully.

Fabio

The idea behind Fabio originated from a thought that a small but unique change can create a big impact, if only we look at a challenge from a different lens. And hence the uniqueness of Fabio's dual-orientation made it a perfect solution for managing the space constraint challenge, where most ordinary switches fail to fit.

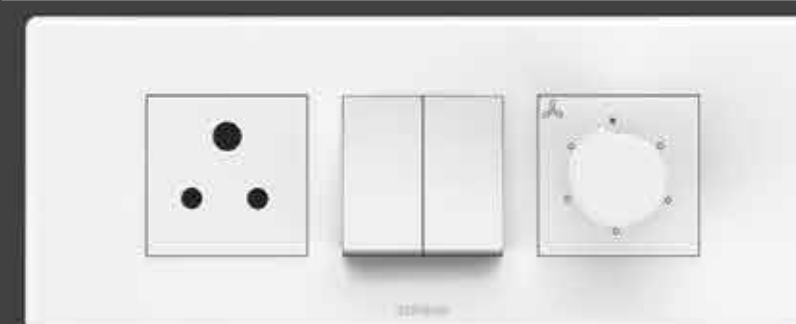

12M Front plate with
 10 A Bell push switch with indicator / 10 AX Mega Switch with Indicator
 1M - Computer Jack / USB Socket
 6 A 3 Pin shuttered socket / 2 - 10 AX One way switch /
 5 step Fan Regulator

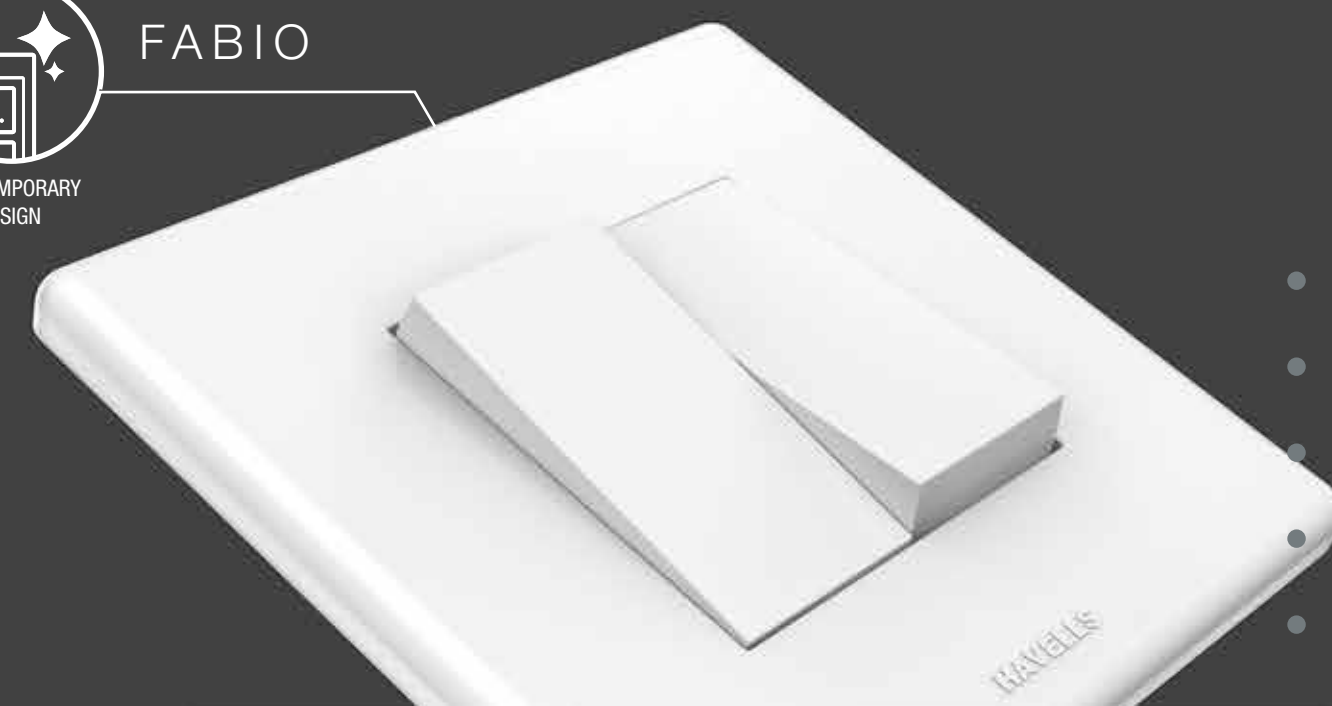

Dual Orientation
 Unique switch plates that can be used both horizontally and vertically depending upon the space on the walls.

CONTEMPORARY
 DESIGN

FABIO

F R A M E I O

Sophisticated additions that match the customer's taste is what drives a design forward, so we took one step ahead with Frameio, with its sleek chrome finish. This adds a lot more style and finesse to a classic design, elevating it to a whole new level.
